

Dear Family of God,

When we baptize our children, we are promising to raise the child in the Catholic faith. A wonderful way to fulfill this promise is to enroll your children in our Catholic School. Beginning at home, you as parents are to model the Catholic faith so that your children might see this as a way of life. Beyond that we have a wonderful option to consider for you and your children here at St. Peter the Fisherman Parish.

St. Peter the Fisherman Catholic School is our most comprehensive faith formation program. Our school provides an atmosphere that allows the love of Jesus to be lived out in everyday life. Many hours of your children's lives are spent in school. Do you know your child's teacher's faith background and their dedication to teaching your children on all levels of their personalities? I know that our teachers are not only teaching the basics of a good education but also are teachers of the soul. I have already spoken with our teachers at St. Peter the Fisherman Catholic School and they are speaking and living their faith in the classroom. Not only are they speaking of how mathematics, reading and health are important but also how we discover God in all aspects of our lives.

Growing in faith is one of many benefits derived by sending a child to St. Peter the Fisherman Catholic School. Not only are children able to learn about, reflect on and discuss God, Jesus, the Bible, the Saints and many other aspects of the Catholic faith, they are also able to live their faith on a daily basis. Throughout the year, our children are given numerous opportunities to live the Gospel message of Jesus Christ as they serve the needs of the poor and the needy in our world around us. As our children grow academically, they also grow in faith. Visiting our classrooms, I see how much they grow. Our teachers continually strive for excellence as they mold the young minds of future generations.

As I see more and more of our Catholic school, we have much to be proud of and for which to be grateful. God has blessed us and I ask you, as parents, to seriously pray about how God may be calling you and your family to consider a Catholic education for your family. Come and see what we can offer you and your children.

Blessings to you,

Fr. Tom Reynebeau

Pastor
